Responsibility of payment

In the event your course is invoiced to your employer or a third party, and that organisation ceases to operate or refuses to make payment, the course fee becomes the responsibility of the student.

Course Information

At the commencement of your course you will be given access to training materials in hard copy and/or digital format. Textbooks may be provided. You will need to supply your own stationery materials. A welcome email will be sent with log-in details so you can access Trainwest's online learning platform if you are enrolled into an eLearning course.

Duration

How long your course will take depends on a number of factors. Included are your own efforts and commitment to submitting assessments regularly and on time, your study load (i.e. full- or part-time) and how many units (if any) are eligible for credit transfer and/or recognition of previous experience and qualifications. Further, the level of the qualification being undertaken will impact on course duration. The Australian Qualifications Framework (AQF) summarises the criteria of different qualification levels and gives an indication of the complexity, depth of achievement, knowledge, skills and levels of autonomy required to achieve a qualification at that level. The AQF expresses the time expected to gain a qualification as an equivalent to full-time years. This is known as the 'Volume of Learning'.

Volume of Learning

Volume of Learning statements provide an indication of the amount of time it is expected that a student would need as a full-time student to achieve the qualification. Volume of Learning figures assume none of the competencies identified in a qualification are currently held.

The listed time frames account for all activities a student would undertake, including supervised training activities, classroom sessions, online modules and/or workplace learning, as well as individual study, practice and learning.

The Volume of Learning for qualifications in the VET sector are:

AQF Qualification Level	Typical Volume of Learning
Certificate I	0.5 - 1 year
Certificate II	0.5 - 1 year
Certificate III	1 - 2 years (up to 4 years for some apprenticeship/traineeship agreements)
Certificate IV	0.5 - 2 years
Diploma	1 - 2 years
Advanced Diploma	1.5 - 2 years

(Taken from: <http://www.aqf.edu.au/aqf/in-detail/aqf-qualifications/>)

More information on Volume of Learning can be accessed at:

<http://www.aqf.edu.au/wp-content/uploads/2013/06/Volume-of-learning-explanation-v2-2014.pdf>

Competency Based Training

Competency Based Training (CBT) is an approach to teaching that focuses on allowing a student to demonstrate their ability to do something. Used in the VET sector, CBT is used to develop concrete skills and is typically based on a standard of performance expected in the workplace and industry.

CBT programs deliver qualifications that are made up of Units of Competency. Each unit defines the skills and knowledge required to effectively perform in the workplace. Assessment is based upon the learning outcomes expected from each Unit of Competency.

How Does Assessment Work in CBT?

Unlike the traditional school system of grading assessments on a scale ranging from A to Fail, assessment of CBT determines if you have the required skills and knowledge... or not yet.

Assessment is specifically conducted to determine if a student can deliver essential outcomes related to the performance criteria within each Unit of Competency. Basically, this means assessment is conducted to see whether or not a student has the required skills and knowledge to perform effectively in the workplace. If a student's performance in the assessment does not demonstrate the requirements, rather than a fail, competency based assessment means the student is marked as 'Not Yet Competent', and more training is required to get to the point of being 'Competent'. Assessors will look for evidence against which to base their judgements of competency.

The ways to demonstrate to our qualified assessors that you can perform to the required standard and be classed as 'Competent' or 'Meeting Requirements', include:

- » Being observed as you work/perform the tasks and activities
- » Responses to verbal questioning
- » Written responses to theory questions
- » Responding to a role play or case study
- » Conducting a project
- » Submitting a written report
- » Compiling a portfolio of work samples
- » A combination of the above

Trainwest has a Training and Assessment Strategy for each of the qualifications we deliver and we outline our approaches for conducting assessment in those strategies.

Training and Assessment Strategies

Trainwest staff are appropriately qualified and have sufficient, relevant industry experience to train and assess the courses delivered by Trainwest. On occasion, a subject specialist may conduct assessment in conjunction with a fully qualified assessor. You will be advised of specific instances in your course whereby this may be the case.

Our methodologies regarding training and assessment work toward ensuring our processes meet national assessment principles including Recognition of Prior Learning (RPL), Recognition of Current Competencies (RCC) and Direct Credit Transfer (DCT). All courses are assessed under the competency based training and assessment criteria established under the AQF.

Trainwest is responsible for the quality of the training and assessment in compliance with the Standards for Registered Training Organisations (2015) and for the issuance of the AQF certification documentation.

Flexible Learning and Assessment

Included in our training and assessment strategies are practices that promote flexibility in learning and assessment. This means we will work with you to provide options that are responsive to your individual needs, and that maximise learning outcomes and access to learning activities.

Traineeships

Trainwest gives all students enrolled in a traineeship a training plan which outlines how and when training will take place. This is signed by all parties involved, and given to you at the start of the training contract.

Training Plans

In the case where your course of study calls for vocational placement, is part of a workplace traineeship, or part of an apprenticeship, a training plan will be developed for you. The plan will be developed between you, the placement/workplace organisation, and Trainwest. It will outline the skills and knowledge you will develop over the duration of the training plan. The training plan becomes a 'living document' and any changes are agreed and noted by all involved parties.

Recognition Processes

Trainwest offers assessment processes that enable recognition of competencies currently held, regardless of how, when or where the learning occurred.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is an assessment process that involves making a judgment on the skills and knowledge an individual has as a result of past study and/or experience. The aim of RPL is to recognise your existing competencies without having to go through the complete processes of training and assessment. You will still need to provide evidence though, upon which your assessor can base their judgement. Evidence must be:

- » Authentic – it must be your own work
- » Sufficient – it must demonstrate competence over a period of time, that the competencies can be repeated, and the evidence must be enough so that the assessor can make an accurate judgement regarding competency
- » Current – it must demonstrate up-to-date knowledge and skills i.e. from the present or the very-recent past
- » Valid – it must be relevant to what is being assessed

You may be eligible to apply for RPL on one or more Units of Competency in your course. Please call 1300 938 411 to discuss your options.

National Recognition

Trainwest recognises AQF qualifications and Statements of Attainment that have been issued by other RTOs. Credit transfer may be applied to Units of Competency and related qualifications that have been studied in the past. To apply for a direct credit transfer you will need to supply a certified copy your documentation (certificates and/or statements). Trainwest is required to verify your certificate with the issuing RTO. For full details on the requirements for credit transfer applications, please contact Trainwest on 1300 938 411.

Assessment Information

Submitting Assessments

You are expected to complete assessments for all units in your qualification. You will need to submit assessments by the due date for a result to be recorded. You will receive full and detailed instructions on the requirements for each assessment, including its context and purpose; ensure you talk to your trainer and/or assessor to clarify anything that is not clear to you.

Resubmissions

If you receive feedback to say your submission was 'Not Yet Competent', you will need to provide more evidence to support your claim for competency. This may mean re-doing some of the theory questions, putting extra or more relevant information into your portfolio, or demonstrating a task again. Trainwest does not charge a fee for resubmission of assessments within the specified training period. Talk to Trainwest for more information. All of the staff at Trainwest will take every reasonable effort to help you succeed in your course.

Assessment Feedback

You will receive feedback regarding the outcome of each of your assessment items. To be deemed 'Competent' against a nationally accredited unit, you must meet the requirements for all elements that comprise that unit.

Plagiarism

Students must submit their own work. Information in the instructions to students in the Assessment Overview of the assessment books states that, it is not permissible to attempt to pass of another person's work and ideas as one's own.
